STATE CLEARINGHOUSE

NEWSLETTER

May 1 through 15, 2000

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents, federal notices and federal grant applications received by the Clearinghouse during the period **May 1 through 15, 2000.**

CLEARINGHOUSE CONTACTS

Please contact the Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613.
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse.html#clearinghouse

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Katie Shulte and Karen Fowler (for projects in Northern California)
Scott Morgan (for projects in Southern California)

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 1999 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available at http://ceres.ca.gov/planning/pub_org.html.

Federal Notices

Intergovernmental Review Notices (May 1 through 15, 2000)

The following are notices received by the State Clearinghouse from federal agencies in compliance with Executive Order 12372. If you would like more information about the subject matter, please contact the agency representative listed below.

AGENCY: Federal Energy Regulatory Commission

The site is generally bounded by Strathmore Avenue on the north, Gayley/Levering Avenues on the east. Weyburn Avenue and the Rehabilitation Building on the south, and Veteran Avenue on the west. The site accommodates the Taper Center, Warren Hall and surface parking lots. The project would provide approximately 2,000 beds and 2,068 parking spaces in three and four story residential buildings above partially below -grade parking structures. The residential complex would also include ancillary facilities such as common areas for social and recreational functions, an exercise facility, space for workshops and other academic related functions, administrative space, a maintenance shop and a small convenience store. The project would be clustered around a large central plaza with smaller courtyards and open areas for student gatherings. Both phases of construction would total approximately one million gross square feet.	nop	06/01/2000

	El Estero Drain portion of the project is focused primarily on the restoration, enhancement and maintenance of habitat for the Southwest pond turtle, a State Species of Special Concern. A secondary goal of the El Estero Drain portion is to provide for flood flows, including additional on-site retention.		
2000051039	410 West Islay Santa Barbara, City of Santa Barbara--Santa Barbara The project includes the demolition and removal of an unpermitted retaining structure (constructed approximately between June and September of 1997 and demolished and removed in winter of 1999) and the subsequent reconstruction during the winter and spring of 1999/2000 of a new retaining structure along the creek bank to replace a prior retaining structure which was destroyed in the 1995 storms. The new replacement retaining structure has since been permitted and located on the same site as the pre-1995 retaining structure and has substantially the same purpose and capacity as the pre-1995 retaining structure. All work, including demolition and removal of the unpermitted retaining structure wall and reconstruction of the new replacement retaining structure has been performed from the top-of-bank of Mission Creek or from the dry areas within Mission Creek stream channel. The project included provisions that no material, equipment, or workers would disturb any areas of the creek containing water, and the work has been completed in conformance with these provisions. The project also included provisions for utilizing erosion control devices to prevent any materials from entering the creek and a revegetation plan to replace all vegetation removed with appropriate native riparian vegetation from local stock. All the work has been completed in conformance with these provisions.	neg	06/07/2000
2000052028	Bishop Ranch-1 by Sunset Building Company San Ramon, City of San Ramon--Contra Costa Request for Development Plan Amendment, Variance and Architectural Review approvals to revise the project historically referred to as Chevron Office Park-Phase III, which allowed seven 4-story office buildings consisting of 1.05 million gross square feet, to instead construct three 5-story office buildings which contain approximately 728,091 gross square feet, on the same 51.4 acre site. The revised project is known as Bishop Ranch 1.	neg	06/05/2000
2000052029	Sutter Medical Center Cardiac Catheterization/MRI Facility Sonoma County Santa Rosa--Sonoma Sonoma County plans to allow Sutter Medical Center of Santa Rosa to construct a 6,541 square foot modular building to house a new Cardiac Catheterization and Magnetic Resonance Imaging facility. The single story building will be located in the paved parking lot behind the four story wing of the hospital.	neg	06/05/2000
2000052030	Joshua Neal Elementary School Pleasanton Unified School District Pleasanton--Alameda Construction of a new elementary school to house approximately 750 students; to be located on Vineyard Avenue between Pietron and Isabel Avenues, in Vineyard Avenue Corridor Specific Plan Area Pleasanton, Alameda County, California.	neg	06/05/2000

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Monday, May 08, 2000</u>			
2000051029	PSP 00-011, Schwing Tulare County Resource Management Agency Kennedy Meadow--Tulare Campground and assemblage of people for recreation and education purposes, including public and private park.	con	05/24/2000
2000052038	GPA 2000-08, Rezone Application 2000-08, and Parcel Map Application 2000-12 - James W. Smith Stanislaus County Modesto--Stanislaus Request to change the General Plan Designation from Urban Transition (UT) to Planned Development (PD), to change the zoning from General Agriculture (A-2-10) to Planned Development (PD) and create four (4) parcels (0.1,0.2,0.9,1.5 acres), a remainder (10.0 acre) and a 70-foot wide road right-of-way from 3.6 acres of a 13 acre site located behind the existing Fireside Dodge dealership on North McHenry Avenue in the Modesto area.	con	05/19/2000
1999062114	City of Rohnert Park General Revised Draft EIR Rohnert Park, City of Rohnert Park--Sonoma The proposed project is the City of Rohnert Park's proposed General Plan and Urban Growth Boundary (UGB) ballot measure. The General Plan will update and replace all existing General Plan Elements, including Housing. The UGB measure will establish a new 20-year urban limit line. The UGB measure and General Plan expand the existing City limits and Sphere of influence.	eir	06/21/2000
2000052041	Reclamation District 900 Levee Rehabilitation Project of 2000 Reclamation Board West Sacramento--Yolo RD 900 is located about 6 miles south of Sacramento, south of West Sacramento in Yolo County. The project area was damaged during the "El Nino" floods in winter and spring of 1998. Damage to 5 sites on the levee on the right bank of the Sacramento River was waterside slope erosion. Slope erosion along the Sacramento River will be repaired with erosion control matting anchor with rock revetment, and planted with willow poles and native grass. Avoidance of potential endangered species will insure there are no significant environmental impacts associated with this project.	jd	06/07/2000
1990030443	Windsor Cumulative Drainage Impact Mitigation Program Update Windsor, City of Windsor--Sonoma The proposed project would construct recreational facilities and a detention basin at Hiram Lewis Park, along the eastern bank of Windsor Creek.	neg	06/06/2000
1998091015	Evergreen Nursery Project Oceanside, City of Oceanside--San Diego The proposed project is construction of a nursey on a former silica sand mining site. The green waste area is proposed to be re-located within the proposed project site.	neg	06/06/2000

	information.		
2000052035	General Plan Amendment 00-01, Zone Amendment 00-01, and Use Permit 00-10 (M & D Development) Shasta County Johnson Park--Shasta Request for approval to: (1) change the General Plan land use maps from Suburban Residential (SR) to the Commercial (C) land use designation, (2) request a zone amendment from the Interim Rural Residential (IR) district to the Commercial-Light Industrial (C-M) zone district, (3) request a use permit to establish a contractor's yard, and (4) construct a 3,200 square foot warehouse and the conversion of an existing one-family residence to a contractor's office on a 40,000 square foot lot.	neg	06/06/2000
2000052036	Conditional Use Permit 2000-10, Zoria Farms Inc. Madera County Planning Department Madera--Madera The project consists of a proposed additional waste discharge area and farm labor housing.	neg	06/06/2000
2000052039	Creekside PUD, P99-128 Sacramento, City of Sacramento--Sacramento Entitlements to develop 231.7 gross acres in North Natomas with a variety of residential, commercial, school and park uses. Requires General/Community Plan Amendments, Rezoning, PUD, Development Agreement, Tentative Maps.	neg	06/07/2000
2000052040	Use Permit 99-21(A) (American Tower) Shasta County Anderson--Shasta The request is for approval to erect a 140-foot tall communications tower and up to five (5) equipment shelters ranging in size from 54 square feet to 264 square feet within a 4,800 square foot portion of a 10.2 acre parcel located adjacent to the west side of Interstate	neg	06/06/2000
1989041908	Tentative Tract 5206 (Ahmanson Ranch) Ventura County Calabasas--Ventura 29-lot master tentative map	nop	06/06/2000
1991111045	Buellflat Rock Company Reclamation Santa Barbara County Solvang--Santa Barbara The applicant proposes to continue the river bottom skimming operation and mine upland terrace deposits in the northern west portion of the site to the point where finish elevations within that area essentially match elevations within the river channel. This area would be protected from river flows by the existing levee (proposed to be reinforced) but standing water would exist where weather conditions cause ponding or rising ground water. The proposed end use for portions of the site north of the levee and west of the industrial/processing facilities would be open space and wildlife habitat. The proposed revegetation plan is intended to be consistent with this proposed end use and consists of a mixture of native plant materials including native grasses, small and large native scrub	nop	06/06/2000

	species and native trees such as Oaks, Toyons, Poplars and Willows. Hard bank protection is proposed as part of the Reclamation Plan to reinforce the levee on the north side of the main river channel, where breaching has occurred in the past. The hard banking would be the placement of boulders which would be keyed into the ground but which would not be grouted. Willows are proposed to be planted at the toe of the levee slope to assist in bank stabilization, enhance wildlife value and soften the appearance of the rocks. It is estimated that final grades would be reached, and therefore mining activities would be terminated, by December 31, 2015. This estimated termination date may be early or late, however, depending on market demand, water levels and, to a lesser extent, redeposition within the river channel.		
1998051135	Specific Plan No. 309, Change of Zone No. 6354, and Comprehensive General Plan Amendment No. 449 (Murrieta Springs Specific Plan) Riverside County Murrieta, Winchester--Riverside Specific Plan of Land Use of 697.0 acres consisting of 437.2 acres of residential uses with a maximum of 967 dwelling units on 232.7 acres of Medium Density Residential (2 to 5 du/ac), 995 dwelling units on 167.3 acres of Medium High Density Residential (5 to 8 du/ac), and 388 dwelling units on 37.2 acres of High Density Residential (8 to 12 du/ac), for a total of 2,350 dwelling units; 10.0 acres of Commercial uses; a 12.7 acre school site; 24.0 acres of parks; 90.3 acres of open space/drainage; 94.8 acres of natural open space; and 28.0 acres devoted to major roads. Related applications include a Change of Zone from R-R (Rural Residential), R-T (Mobilehome Subdivisions), R-2 (Multiple-Family Dwellings), R-3 (General Residential), and R-5 (Open Area Combining Zone) to SP (Specific Plan) and a General Plan Amendment to change the Southwest Area Community Plan Land Use Allocation Map designation on the subject site from "Murrieta Hot Springs/Alta Murrieta/Winchester Mesa SP 103" to Murrieta Springs SP 309" and to amend the text of the Southwest Territory Land Use Planning Area Profile to reflect the Specific Plan.	nop	06/06/2000
2000051021	Delano Comprehensive Campus #1 Delano Union School District Delano--Kern Construct and operate a new high school on a 55-acre site at 9th (ninth) Avenue and Browning Road.	nop	06/06/2000
2000051026	San Diego State University Campus Master Plan 2000 California State University Board of Trustees San Diego--San Diego The proposed SDSU Campus Master Plan 2000 project is intended to improve, enhance and rehabilitate facilities on the SDSU campus. The overarching goal of this plan is to create template of uniform planning for future development within certain areas of the campus. The proposed project would result in the redevelopment of several classroom, office, research and student facilities as well as provide for the development of several new buildings, a physical plant and corporation/maintenance yard, parking structure and central campus park area.	nop	06/06/2000

1992032043	<p>Santa Nella Community Specific Plan-Recirculated EIR Merced County</p> <p>The proposed project would amend the existing Specific Plan, modifying the plan boundaries and making minor adjustments in the land use mix. No net change in the acreage of the plan area would occur.</p>	eir	06/23/2000
1997052025	<p>Susanville Redevelopment Project Susanville, City of Susanville--Lassen</p> <p>The Susanville Community Development Agency (the "Agency") is proposing the creation of the Susanville Redevelopment Project (the "Project"). Within the area proposed to be included in the Project (the "Project Area") the Agency is proposing to implement projects and programs designed to: 1) upgrade existing and/or build new public works; 2) increase, improve and preserve the community's supply of very low-, low- and moderate-income housing; 3) encourage and promote economic development in the Project Area and the City of Susanville (the "City") generally; and 4) build new and/or upgrade existing community facilities. The Agency proposes to implement these projects and programs over the 30-year effective life of the Redevelopment Plan (the "Redevelopment Plan" of the "Plan") drafted for the Susanville Redevelopment Project. The Project Area consists of approximately 957 acres located throughout the City.</p>	eir	06/23/2000
2000041047	<p>Optimum Basin Management Program Inland Empire Utilities Agency --San Bernardino</p> <p>This Draft Program Environmental Impact Report (PEIR) addresses the environmental and physical impacts of implementing the Optimum Basin Management Program to manage the Chino Groundwater Basin (the Basin) for maximal long-term beneficial use by all appropriators and parties within the approximately 225,000 acre project area. Implementation of the OBMP is designed to maintain and enhance the Basin's safe-yield and will assist in minimizing overproduction of groundwater resources. A water supply plan is also included and evaluated under the OBMP. This plan will allow appropriators to meet future demands using a variety of source water supplies, and will allow appropriators to provide an adequate supply of both potable and recycled water throughout the twenty-year planning period encompassed in the document.</p>	eir	06/23/2000
2000054005	<p>Sierra Nevada Forest Plan Amendment D.E.I.S. USDA Forest Service --</p> <p>This draft EIS analyzes 8 alternatives to deal with fire & fuels, old forests, aquatic/riparian resources, hardwoods and noxious weeds on the 11 national forests in the Sierra Nevadas. A decision from the final EIS will amend the current land management plans for these 11 forests.</p>	eis	08/11/2000

2000051040	EA SD 7-00; PD No. 4, Map No. 158 - Baker Petrolite Corporation (PP00237) Kern County Planning Department Taft--Kern A precise Development Plan to allow the development of a chemical manufacturing/ packaging plant and associated facilities on three separate parcels of record zoned M-3 PD FPS (Heavy Industrial - Precise Development - Floodplain Secondary Combining) District. As proposed, development would entail the expansion of an existing acrolein repackaging distribution facility on 4.5-acres of a 11.66-acre parcel and development of a 6-acre lined wastewater sump on two parcels totaling approximately 13 acres. The proposed acrolein production facility would produce a maximum of 10 million pounds of acrolein per year. The manufacturing process would be operated twenty-four hours per day, seven days per week in three operating shifts and is expected to employ approximately 25 individuals. Water for acrolein operations and the fire suppression tank would be supplied via an existing onsite drainage sump while storm runoff from the existing repackaging plant would continue to be discharged off-site in accordance with an existing storm water permit. Wastewater from plant operations would be discharged to the proposed wastewater sump in accordance with a waste discharge permit. Access would continue to be via South Lake Road which is designated as a Collector/Secondary Highway alignment by the Circulation Element of the Kern County General Plan.	neg	06/08/2000
2000051042	Schuman Tentative Map and Design Review Encinitas, City of Encinitas--San Diego Tentative Map, Design Review and Coastal Development Permit for 8-lot residential subdivision and construction of 8 SFR's.	neg	06/08/2000
2000051043	Case No. 00-024/TTM 16088 Yucaipa, City of Yucaipa--San Bernardino Tentative Tract Map to create 47 residential lots of 10,00 square feet or greater on 15.3 acres.	neg	06/08/2000
2000051044	Walgreen's North Broadway Santa Maria, City of Santa Maria--Santa Barbara The proposed project is a General Plan amendment for .29 acres from the HDR to CC and zone change from R-3 to PD/C-2. The project includes a planned development permit for the 1.37 acre site to demolish the existing 9,000 square feet auto dealership and single family dwelling to construct a 15,000 square foot drug store with a drive up window.	neg	06/08/2000
2000051045	Wright Monterey County Planning & Building Inspection Monterey--Monterey The proposed project is a Combined Development Permit and Design Approval consisting of a Use Permit for development on a 30% slope for the construction of a driveway, and Administrative Permit for the removal of significant vegetation for Assessor's Parcel Number (APN) 103-091-010; and a Lot Line Adjustment between APN 103-091-010, a 5.01 acre parcel (parcel 1), and APN 103-091-011 (parcel 2), a 5.35 acre parcel, an equal area exchange.	neg	06/08/2000

2000058136	Class 2 Permit Modification to Safety-Kleen (Buttonwillow), Inc., Hazardous Waste Facility Permit No. CAD980675276 Toxic Substances Control, Department of Buttonwillow--Kern Pursuant to section 66270.42, Title 22, Division 4.5, California Code of Regulations, the Hazardous Waste Facility Permit issued March 7, 1996, effective April 6, 1996, is proposed to be modified to allow Safety-Kleen to continue to accept for storage, treatment, and disposal petroleum refining process wastes which are newly regulated under federal Resource Conservation and Recovery Act (RCRA). These wastes have historically been regulated California under state waste codes such as 161,162,222, and 241, but have only recently been included under the federal regulations. On July 29, 1999, Safety-Kleen (Buttonwillow), Inc. submitted a Class2 modification to the California Environmental Protection Agency, DTSC, to allow for the continued management of these newly listed wastes.	noe	
2000058137	Subsurface Archeological Excavations Parks and Recreation, Department of Allensworth, Earlimart--Tulare This project includes the excavation of selected sites throughout the park to help determine the size and location of the buildings and exhibits planned for subsequent construction. Following natural resource survey and any relocation work deemed necessary is completed, each building site will be scraped to a depth of approximately 8" through non-historic wind blown debris and soil. A line of small pits will be dug, by an archeologist, through the area of a potential building site to a maximum depth of 2 feet. If an indication of any building remnants is found, additional pits will be dug to determine the building corners and other pertinent features of the building footprint. If the test excavation reveals archaeological deposits, the site will be studied using standard archaeological techniques to preserve the record of what remains in the ground consistent with DPR policy and Secretary of Interior Standards.	noe

2000051054	Keene water Project Tehachapi Cummings Water District Tehachapi, Keene--Kern The Keene Water System project will include modifications to the existing Golden Hills Community Service District's public water system. These modifications will include a pipeline extending from Golden Hills' system to the community of Keene. This pipeline will provide keene with a viable, potable water source. Also, as part of the project, a new well will be constructed neat Antelope Dam and a new storage tank will be constructed for the Community of Keene.	neg	06/13/2000
2000051055	County Engineering, Halcyon Road Widening; ED99-109 (C990011E/P12A424) San Luis Obispo County Arroyo Grande, Oceano--San Luis Obispo The County of San Luis Obispo is proposing to widen an approximate 3,000 foot section of Halcyon Road by ten feet in order to provide five foot paved shoulders on both sides of the roadway. For the southerly 700 feet of the project, widening will occur on the east side of the existing roadway. The balance of the widening will occur on the west side of the existing roadway. The widened roadway will more safely accommodate traffic increases that have occurred as the result of growth in the Nipomo and Arroyo Grande areas. The project will be funded by local transportation impact fees. The area to be widened is located on Halcyon Road, between The Pike and Cienega Road (State Highway 1), in the community of Oceano/Halcyon, in San Luis Obispo County.	neg	06/13/2000
2000051056	Veterans Park Big Bear Lake, City of Big Bear Lake, Big Bear City--San Bernardino Veteran's Park-Applicants: City of Big Bear Lake and Rotary Club. The project is for the purpose of developing a passive park, known as Veteran's Park on 1.44 acres. The west portion of the site currently contains a well, a small structure housing chlorine pumps and utilities to support the chlorine system. This portion of the site will contain the park, consisting of sidewalks, turf and landscaping, memorial areas, gazebo, a 5-flagpole memorial, fencing along the west property line, gateway arch, benches and restroom facilities. The east portion of the site contains a fire station that will be demolished and a 55-space parking lot will be constructed to support the park located on the north side of Big Bear Boulevard at Knickbocker Road.	neg	06/13/2000
2000051059	Temecula Valley Regional Water Reclamation Facility Expansion to 12 MGD Eastern Municipal Water District Temecula--Riverside Eastern Municipal Water District provides sewage collection and treatment services to the Temecula, French Valley, and Murrieta areas through the operation of the existing Temecula Valley Regional Water Reclamation Facility (TVRWRF). Currently the facility is operating at approximately 75% of capacity. Due to regulatory requirements and anticipated high growth in the treatment plant service areas, the District is proposing to expand the treatment plant's raw sewage capacity from 8 million gallons per day (MGD) to 12 MGD.	neg	06/13/2000

1995101050	San Fernando Valley East-West Transit Corridor Los Angeles County Los Angeles, City of--Los Angeles Transit planning for the San Fernando Valley has been underway since 1980, when Los Angeles County voters approved a 1/2 cent sales tax measure to fund regional rail improvements. In 1988, studies were conducted to identify alternatives, and in 1990 and 1992, the MTA completed an EIR and SEIR for the study corridor. These studies and environmental documents led to the identification of a preferred rail alignment along the existing Southern Pacific Burbank Branch, following Chandler Boulevard, Oxnard Street, Victory Boulevard, and Topham Street, which the MTA subsequently purchased in 1990. Environmental documents meeting California standards were certified in 1990 and 1992, addressing alternatives along both the SP Burbank/Chandler Branch and the Ventura Freeway median alignments. In 1994 the MTA Board of Directors endorsed the SP Burbank/Chandler Branch alignment.	nop	06/13/2000

2000058131	Goleta Median Landscape Project Forestry and Fire Protection, Department of Goleta--Santa Barbara This project, to be carried out by the Goleta Median Landscape Project, Incorporated involves the planting of 300 trees on various city street medians. Some planting locations include Hollister Avenue at Lost Carneros Road, Fairview Avenue and Kellogg Avenue. It is anticipated that this project will commence in April of 2000 and be completed by January 2002.	noe	
2000058132	Trees for the Millennium - Contra Costa County Water District Forestry and Fire Protection, Department of --Contra Costa This project, too be carried out by the Contra Costa County Water District maintenance staff and volunteers from Diablo Valley College, involves planting of 1000 trees along walkways, roads, parking lots and around recreational facilities at the above sites.	noe	
2000058133	Superelevation Correction Caltrans #2 --Shasta In Shasta County near Old Shasta. This project proposes to correct the superelevation on a curve. The roadbed profile will be raised approximately 4 inches on the west bound land. All work will be conducted within the existing roadbed prism. No additional right-of-way or construction easements are required.	noe	
2000058138	Replacement of the Bear Creek Bridge (#39-0095) and Widening of the El Capitan Canal Bridge (#39-0097) Caltrans #10 --Yuba This project consists of two parts: (1) Replacement of the Bear Creek Bridge. This is necessary due to combined structural and scour-related damage to the bridge. (2) Widening of the El Capitan Canal Bridge. The bridge width, bridge rails, and bridge approach rails must be upgraded since they do not meet current resurfacing, rehabilitation, and reconstruction (3R) standards.	noe	
2000058139	Placing of Flatcar Bridge Fish & Game #3 Gualala--Mendocino Annual placement of flatcar bridge over Rockpile Creek. Issuance of a Streambed Alteration Permit (#R3-2000-0067), pursuant to Fish and Game Code section 1601 (X) 1603.	noe	
2000058140	Single Family Residence (Sihota Structure Development Permit) Solano Beach, City of Solana Beach--San Diego Construction of a new two story single-family residence on a .95 acre residentially zoned lot in an urbanized area. The existing on-site residential structure will be removed as the new residence is proposed at the same location.	noe

2000058141	Adoption of School Development Fees Cascade Union Elementary School District Anderson--Shasta Obtaining of sufficient funds to construct, reconstruct or modernize school facilities throughout the school district.	noe	
2000058142	Issuance of Streambed Alteration to Agreement No. 00-0182, Weaver Creek, Trinity County Fish & Game HQ --Trinity Installation of stream gauging station and stilling well. Restoration shall include the revegetation of stripped or exposed areas.	noe	
2000058143	Issuance of Streambed Alteration to Agreement No. 00-0064, Clark Creek, Shasta County Fish & Game HQ --Shasta Pursuant to Section 1603 of the California Fish and Game Code, the Operator, on the 20th day of March notified the Department that he intends to substantially divert or obstruct the natural flow of, or substantially change the bed channel, or bank of, or use material from the streambed of, the following water: Clark Creek, a tributary of Pit River, in the County of Shasta, State of California, in S35, T38N R3E.	noe	
2000058144	Issuance of Streambed Alteration to Agreement No. 00-0184 Fish & Game HQ --Shasta Restoration shall include the revegetation of stripped or exposed areas. Installation of bridges, culverts, or other structures, shall be such that water flow is not impaired. Bottoms of permanent culverts shall be placed below stream channel grade.	noe	
2000058145	Issuance of a Streambed Alteration to Agreement No. 00-0185, Squaw Valley Creek, Siskiyou County Fish & Game #1 --Siskiyou The Department of Fish and Game has made an inspection of subject area on the 19th day of April, 2000, and has determined that such operations may substantially adversely affect existing fish and wildlife resources including: resident trout (rainbow, brook, and brown), non-game fish, and aquatic invertebrates. These resources are placed at risk due to down stream sedimentation resulting from project construction within the flowing stream during sensitive spawning and incubation periods, and due to obstruction of fish passage (velocity barrier). Construction includes the excavation of the stream bed to bed the culvert pipe below stream grade, installation of the culvert pipe, and placement of soil fill within the flowing stream channel to cover the culvert pipe.	noe
